#### Games To-Night. Muncie at Richmond.

Feeling the disgrace of occupying the bottom position on the championship ladder, the Indianapolis polo players went into the game against Richmond last night determined to win, and in the most exciting, hardest-fought and, incidentally, the roughest contest that has entertained the local made the "Fighting Five" swallow the pill of defeat to the tune of 4 to 1. Indianapolis made five goals during the game and Richmond made two, but both teams lost a point on fouls, four being called against the local players and three against the vis-

In the early part of the third period Way and Cunningham mixed matters to such fine of \$2 against each man. The visiting players were driven almost to desperation by the aggressiveness of the local players. The Indians' defense was very strong, the two goals being made by the Quakers at times when the defense men happened to be away from their regular positions. But the game played by Way and Murtaugh was strong enough to offset the mistakes that were made which permitted Richmond to tab two scores. Bone and Cunningham could not make their team work count bethey were successfully blocked throughout the game. They tried to rough it with Way and Murtaugh, and were beaten at their own game. Cunningham became desperate and rushed at the home players so hard that he fell to the floor often, and once made a head spin after failing to bump his opponent against the banks. Bone also did several interesting stunts when he realized that his ability as a floor worker was rendered of no value

Harry Way played a brilliant game at with Cunningham and both fell to the days. Coggshall went to half after Way retired.

The spectators were keyed to a high pitch

when the contest started and the first few minutes of play demonstrated that the con-test would be rough and spirited. When McGilvray scored the first goal for the Inwaved hats and handkerchiefs, but it was only the beginning of a series of brilliant plays. Pierce and McGilvray were every where on the floor and their passing and driving was the best ever seen here. Those who witnessed the contest could not realize why Indianapolls is not perched at the top of the ladder. Pierce executed many clever tricks and many times got past the Richmond defense men only to have his drive or McGilvray's hook for the cage stopped by Colma Athletic Club Secures Con-Jessup. The last part of the third period was very fast, Richmond trying hard to tie the score, while the Indians played a strong defensive battle and also tried to add one more goal to their credit. After the first period had progressed over four minutes with neither side scoring Bone started down the floor with the ball. Pierce pilfered the sphere by a clever trick and passed it to McGilvray. There was a douole pass and McGilvray hooked the ball into the Richmond netting. After that score Bone tried to jump the referee's whistle and after he was warned McGilvray won the rush. The second goal credited to the Indians was made by McGilvray on a pretty pass from Pierce. McGilvray added one in When the third period began there were two fouls on each team. McGilvray made a foul was called against the Indians. The Quakers worked hard to tie the score, but Cunningham's rough tactics caused a third

SHORTRIDGE LADS IN FAVOR OF CHANGE

Be Represented in Athletic League.

Will Connor, president of the Shortridge Athletic Association, received a letter yesterday from Paul Torrence, president of the athletic association of the Marion High School, asking how the local athletes as an association stand in regard to the constitution formed by the high school principals at a recent meeting of the State Athletic League held in this city. The athletes of both the local and Marion high schools express themselves as being decidedly against the principals having entire control of high school athletics in the State. The two associations favor a league in which the principals would have joint control with the athletic associations of the high schools of the State and the formation of such a league would be a good move.

Shortridge Will Play Earlham. RICHMOND, Ind., Jan. 3.-The first and second basketball teams of Earlham College played an exhibition game last night, the object being to arouse enthusiasm in the sport and to aid in selecting men for the regular team. The first team won by a score of 32 to 11. Of the new men trying for the first team Fridd, Allen and Williams are the most promising. There is a rivalry for center between Tharp and Trester. It looks now as if there will be trouble in securing a strong schedule. Only one date has been definitely secured. That is Butler, at Indianapolis, on Feb. 5. The Shortridge High School team, Indianapolis, will be brought here. It is believed Earlham has material for a winning team.
